

Riley Smith & Sons Funeral Home

“The Difference Is In The Details”

Riley Smith & Sons Funeral Home is DeQuincy's only family owned and operated funeral home. Riley Smith acquired the funeral home in 2015 and the business has continued to grow under his leadership and direction. Each family is served with compassion, honor and dignity. Riley Smith is a firm believer in “the difference is in the details”. The business is owned and operated by Riley Smith, and his sons, Cameron and Landon, serve alongside their father. Rebecca Smith recently obtained her license as a funeral director and assists with families and funeral services. Currently Riley Smith and Sons Funeral Home has two locations, DeQuincy and Kinder, and a third location will be opening soon in Reeves, Louisiana.

In addition to these locations which serve Southwest Louisiana and Southeast Texas, the business has its own grave and monument service known as Riley Smith & Sons Monuments & Vaults. Riley also owns Riley Smith Memorial Park, a perpetual care cemetery, Masonic and McFatter Cemetery and maintains the Perkins and Rigmaiden Cemeteries, along with McRill Cemetery in Kinder, Louisiana. It has also expanded the operation in Kinder to include a floral service known as Petals by Riley Smith & Sons. Hannah Minchew, daughter of Riley and Rebecca Smith, is the licensed florist for the business.

Riley's first obligation will continue to be his wife and family. He and his family are members of The First United Pentecostal Church of DeQuincy, while Landon is a member of Indian Village United Pentecostal Church. Riley also serves as the Mayor of the City of DeQuincy and is involved in various civic organizations.
