

Kim Rainwater - Candidate For Mayor

I'm running for Mayor because I believe DeQuincy deserves leadership that shows up, listens, works hard, and delivers results.

Throughout my service, I've believed in leading through action and following through on commitments. Whether it's improving accessibility for children with special needs, supporting community events that bring neighbors together, or working with local and state leaders to move our city forward, I've always believed that actions speak louder than words.

My commitment is to serve our community with honesty, transparency, and accountability while upholding the law and enforcing our city ordinances fairly and consistently. I will work to strengthen public safety, improve our infrastructure, support our families and local businesses, and take pride in keeping DeQuincy clean by addressing blight, maintaining our public spaces, and encouraging community pride.

I would be honored to earn your trust and your vote. Together, we can keep DeQuincy moving forward.
