Haley is a mom of two wild little girls, Harper & Kimber, who you'll often find working right along side her. She started Homestyle Candle Co. in 2020, which led to the opening of The Rustic Wren at the beginning of 2026. What started as a seemingly small and simple dream to create products that were not harmful, yet still enjoyable, has turned into a way to connect with and serve the community.

Beth is a mom of two little blessings, Avery & Judd. She is a terrific friend, a top-notch baker, and an entrepreneur. She has a passion for creating delicious homemade sweets and unique apparel, Avery Clothing Co., that bring joy to others. When she's not baking or here at the shop, you'll find her spending time with family, tending to the garden, or caring for her chickens.
